

## **COORDINATING TEAM MEETS IN ROME**

Inside this framework of significant dates, 50 years since the union of the Company of Mary, 450 years since the birth of Jeanne de Lestonnac ... the coordinating team of the **Encounter Art, Humanism and Spirituality** has gathered in Rome with the purpose of giving form and content to this new experience which reaffirms our options for the youth. The *universal* is drawing near, made possible by this small fraternal community, a group of sisters who have assumed the challenge to give a response and celebrate the 400 years of the Company of Mary, with those who have embraced the call of Jeanne de Lestonnac and experience their belonging of our life and mission. We count with your prayer and help. We will inform you of the progress of this new journey of the group.
